The Body and Blood of Christ Solemnity

Luke 9: 11b-17

Headteacher Message

There's a special kind of pride and joy that fills our school when we come together as a community to celebrate the achievements of our children—and today was one of those memorable days.

Our pupils took to the field with enthusiasm and determination, cheered on by proud parents, friends, and staff. It was heart warming to see their smiles, their efforts, and the way they supported one another throughout the sports activities. Their teamwork and spirit truly shone.

Equally inspiring was the incredible support from our wider school community. A heartfelt thank you to the parents who directed traffic and ensured safe parking for everyone. Thank you to those who set up gazebos, providing much-needed shade, and to those who arranged the coffee and ice cream vans that added a special treat to the day.

A huge thank you goes to Mrs. Gilmour and her daughter Sophia for their excellent organisation of the events and for keeping track of scores so efficiently. I'm also deeply grateful to our dedicated staff and Mr Parker (our Elms Sports Coach), who worked tirelessly to prepare the pupils and ensure everything ran smoothly.

Days like today remind me how fortunate we are to be part of such a supportive, vibrant school community. I look on with pride and gratitude at the school we've built together—and the amazing children we are helping to grow.

DROWNING PREVENTION WEEK

14-21 JUNE
2025

The Royal Lifesaving Society Child Drowning Update (Sept 2024) sadly reports that the number of child drowning deaths has doubled, with 125 child fatalities in England across the last four years. 51 children drowned in inland open water. 16% of these were aged 5-12 years old and 41% were 13-17 years old.

The Royal Life Saving Society's (RLSS) campaign is designed to explore a multitude of opportunities to proactively raise awareness of water safety ahead of a summer outdoors. Starting in May, through the summer, the risk to the public through accidental drowning increases significantly - DPW is critical in raising awareness and encouraging the public to enjoy water safely.

Every young person should have access to water safety skills that can be used throughout their life, no matter their background. This knowledge will keep them safe around the water and enrich their opportunities to engage in water-related activities and play.

Have a lovely weekend everyone Stay safe in the Sun!

From all at St. Joseph's School.
