YEAR 1

Puppets

We made our own puppets!
We chose a character from Little Red Riding Hood
and used a stapler, fabric glue and safety pins to
join the material we cut.

For our Explore Lesson, we went to Spain on holiday! We received our boarding passes! The classroom was transformed into a plane and we had the chance to enjoy some in-flight snacks and entertainment. We had the chance to then visit the beach and enjoy some fun in the sun (even if it was raining!).

1950's Holidays

We had a special visitor in our first history lesson this term! Mr Hardcastle (Mrs Whittingham's Dad) visited our class and he told us about the holidays he went on as a child. We saw pictures from his holidays that were in black and white and we asked a range of questions to help us with our history topic.

We carried out our experiments using milk bottles and rocket mice.

**During Science Week, we came up with our own 'Wonder' questions.
Some examples included,
'How long would it take for a rocket to get to Neptune?'
'What is the power source of a black hole?'.**

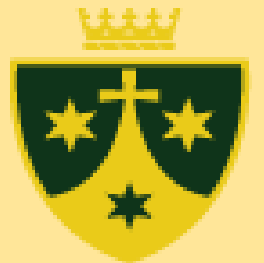

We decided on our own question to research based on the theme of a rocket mouse.
