

What have we been up 10?

Love, Learn, Grow Wood Oaks Farm

We had an amazing time on our school trip and learnt so much about the world around us!

Vttt/

Father's Day

Reception had a great time displaying their love for their fathers during our special event.

The children performed a lovely song and participated in fun challenges with their dads and families in the sun!

Maths fun!

Reception have been busy cultivating their maths skills ready for their transition into Year 1!

Balance-ability

Reception have had a great opportunity to practise their balancing skills by getting out on balance bikes! They

enjoyed every moment of it.

Love, Learn, Grow Love of Learning

Reception have had fantastic opportunities to explore their environment!

They have had great fun improving their writing and maths skills!

DT: Windmills

The children made their own windmills. They learnt what a sail, axle and structure is.

Active Week

Year 1 loved Active Week and couldn't stop moving during their Zumba session. We also had our parents join us for Wake Up, Shake

Up.

Science: Making Connections

The children have been making connections between their science topics. They have been out to Forest School measuring tree trunks!

Year 1 Assembly

Year 1 shared their knowledge of explorers beautifully with parents. They spoke and sung clearly. They introduced us to five amazing explorers and even had a teacher quiz.

Love, Learn, Grow

Tring Museum

We loved our trip to Tring Museum and learning about different species. We could not believe how big some animals were. We became archaeologists, trying to match fossils to different animals.

Look Out Discovery trip

We had a fun and educational trip to Look Out Discovery in Tring, exploring hands-on science exhibits about forces, light, and nature. It was a great day of learning and discovery!

Together

academically

socially mistakes confidently

ourselves others OSE

It was very tiring...

Moving on Liturgy

We had our final assembly as Year 2. We have come a long way since starting in Reception and our singing even made our parents cry!

We even made our own sunflower plants!

no Warmth

A-sunlight

We've had so much fun in Science. We created a plant life cycle on the playground, we acted out the stages of plant growth and we watched our own class plants grow in different conditions.

Test B-

Tring Natural History Museum

We had a fantastic time learning and observing different species of animals. We even saw the Rothschild room and got to hold fossils!

socially mistak

Logethe

PE trip

We had so much fun on our PE trip to Dr Challoner's Girls School! Working in teams, we tested our skills at different activity stations and showed great teamwork and energy throughout the day.

We have made our own cushions during Art and DT week! It was quite tricky but we had a lot of fun!

Love, Learn, Grow Year 3 Assembly!

We had a great time learning about our local history and quizzing everyone during our year group assembly.

ttt

Sports Afternoon

We have had an amazing time learning how to skip with a long skipping rope!

Sculptures

We completed our abstract sculptures using recycled materials.

Active Week

We thoroughly enjoyed Active Week as we took part in a zumba session, daily workouts and Rock Kidz!

Forest School

In Forest School, we worked in teams to design and build our own shelters. It was a real test of teamwork and problemsolving—if something didn't go to plan, we had to find a solution ourselves. Mr Jeffreys was very impressed with our creativity, resilience, and the effort we put into our shelters!

Love, Learn, Grow Woodrow House

Sports Afternoon

On our Sports Afternoon, Year 4 had the opportunity to showcase their dance moves in the school hall. Our dancers stood out for their creativity and confidence, impressing everyone with their flair and rhythm.

As part of our 'Classification and Changing Habitats' Science topic, Year 4 created their own classification keys to identify different types of leaves. We used yes-or-no questions such as, 'Is the leaf smooth or jagged?' and 'Does it have a pointed tip?' to help sort and group them. It was a fun and hands-on way to explore nature and practise our scientific thinking!

Love, Learn, Grow Juggling

During our reward afternoon, Year 4 pupils had great fun learning how to juggle! It was tricky at first, but many children picked up impressive new tricks like tossing three balls, juggling in pairs, and even trying under-the-leg throws.

Everyone showed fantastic perseverance and had a brilliant time!

Geography – Volcanoes and Earthquakes

In Geography, we learned how tectonic plates cause volcanoes to form. We explored the causes, effects, and locations of volcanoes around the world. To show our understanding, we created 3D models of different types of volcanoes. It was a fun and creative way to bring our learning to life.

Forest School

We completed our Orienteering learning over two weeks where we made and used our own compasses!

Love, Learn, Grow

Pizza Afternoons

socially mista

We learnt to roll out, decorate and cook our very own pizzas to absolute perfection. So much fun!

Love, Learn, Grow

Sports Afternoon

DT Learning: Sculptures

We completed our Clay Sculptures for Design & Technology during our Forest School session, leaving them on the trees for future students to be inspired and enjoy!

Bikeability

SATS Week

We enjoyed having breakfast together every morning before our SATS test. It was a chance to come together and prepare ourselves for the big day ahead!

Well done for working so hard!

PGL

We had the best time overcoming fear, rising to challenges and working together as a team.

Retreat Day

This was a great opportunity for us to prepare for the next exciting chapter in our lives- moving onto Year 7. We now feel ready to embark on this next step.

Love, Learn, Grow

Love, Learn, Grow Production Rehearsals

socially mist

Rehearsals for our production are well under way and we cannot wait for you to see it. Consider yourself in for a treat.

Sports Day

Our last Sports Day at St Joseph's went off with a bang. Our mascots loved representing their houses. Well done to St Patrick's house on

this year's win.

Our time at St Joseph's is almost over. We have formed so many friendships and made so many amazing memories!
