

## Love, Learn, Grow

12<sup>th</sup> January 2023

Dear Parents/ Carers,

As part of your child's home learning in maths and also consolidating their learning, we are encouraging the use of the following 2 websites. Both links can also be found on the school website under the Year 2 / year group page, under the 'Manipulatives' link.

<https://mathsbot.com/> - this is a perfect tool which provides online resources as well as maths papers, puzzles and printable activities. We use this at school so it would be great to use it at home too! It has counters, counting sticks as well as coins to help with their learning.

<https://www.topmarks.co.uk/maths-games/hit-the-button> - this resource is brilliant to help consolidate their times tables. By the end of year 2 we expect all students to be able to recall their 2, 5- and 10-times tables. This would be great to practice at home even for 5/10 minutes! This will help them when they start times tables rockstars a little bit later on in the school year.

If you have any questions, please do not hesitate to let us know.

Kind regards

**Miss A Foxe & Miss M Harmady**  
**Year 2 Teachers**
